Usually the photo shoots start at 10am, depending on the location.

STEP 5: TIME TO SELECT YOUR IMAGES

We get to meet via zoom and choose your favourite images, at arranged day after the session. I will then give them even extra artistic vibe with my creative editing process. I will send the finished photographs to you in about a week. At this day you will receive the digital version of the photographs via a download link.

If you choose to add an album, the creation, printing and delivery will take about 4 weeks.

STEP 6: SOAK IN YOUR AWESOMENESS

Now it's the time to go over your photographs and enjoy the feeling of empowerment. Ride the new wave of energy and enthusiasm for as long as you can.

...And when times of feeling low come, just go through these photographs again and remind yourself how wonderful you are.
